

Congratulations, Neighbor.

This gift certificate gives you a special opportunity to purchase and plant Native Trees and Shrubs this spring! You can choose from a wide selection offered by the South St. Louis Soil and Water Conservation District. Place your order any time between now and April 13, 2012. An Order Form is enclosed.

Pickup dates are **May 10 - 12, 2012** (in Duluth, Two Harbors or Grand Marais).

We have lots of information and photos of our tree and shrub offerings on our website. Learn about soil preferences, fruits and berries, which are best for wildlife (and which need fencing to protect from wildlife).
