

Where do I bring my old leaves and brush?

WLSSD

Bring your yard waste to the Western Lake Superior Sanitary District's Yard Waste Site, opening April 8th!

Yard Waste Composting Site HOURS

Open April 8th to mid-November

Sunday, Monday, Tuesday: Noon – 5:00 p.m.

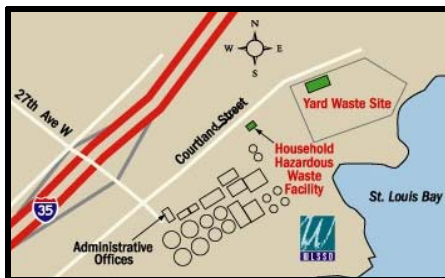

Wednesday, Thursday: Closed

Friday: Noon – 5:00 p.m.

Saturday: 9:00 a.m. - 5:00 p.m.

No sand or grit accepted at the Yard Waste Site

For more information, call the WLSSD Hotline at (218) 722-0761

Look for the "NO DUMPING" reminders on your local storm drain. Anything on the street can get into the storm drains, which empty directly into local streams!

Sweeping up dirt keeps storm drains clean and unblocked.

This stream protection project is brought to you by the City of Duluth and the South St. Louis Soil and Water Conservation District, through funding from the Great Lakes Commission.

Special thanks to:

The Minnesota Conservation Corps, especially the Duluth crew, who donated a portion of their time to help in this watershed project effort!

protecting our creeks by picking up winter sand

Every winter, street crews sand our roads for safety. Unfortunately, spring rains and melting snow carry leftover sand into storm drains, which lead directly to local creeks and Lake Superior.

Street sweepers do all that they can to clean up dirt and sand each spring, but they need YOUR help.

Whether sand is plowed up onto sidewalks or on your boulevard, it should not be swept back into the street.

Anything on the streets can end up in our local creeks!

YOU ARE INVITED!

You are one of 610 homes in Chester Bowl and Piedmont neighborhoods that are invited to participate in a sand recycling program.

By participating, you will receive a free **"Chester Bowl Bucket" or "Piedmont Pail"** to sweep, scoop, and save your sand. We can all do our part to stop sand from clogging up Chester Creek and Miller Creek. The sand will be recycled to be used again.

We'll be measuring the amount of dirt and sand picked up and recycled from your neighborhood. In the end, the amount of sand picked up and recycled will show which neighborhood cares about their local stream the most!

Rain washes dirt and sand into storm drains and straight into your Creek!

Excavating excess sand and dirt near the mouth of a Duluth creek.

HOW DO I PARTICIPATE?

1. Get a free bucket! If you missed our neighborhood crew visiting your house, call 730-4130 to have a free bucket delivered to your home. Ask about the **"Chester Bowl Bucket Brigade"** or the **"Piedmont Pail Pick-Up"**
2. As the snow melts, sweep, rake, and shovel the dirt and sand from your sidewalks, driveways, and boulevards. Remember to collect **only sand and dirt** in your bucket. If your bucket gets too heavy to carry, or if your bucket fills up, feel free to use other containers to store the dirt.
3. **Recycle your sand and dirt!**

☞ **Piedmont Pail Pick-Up:** Place your bucket curbside for pick-up on Friday April 29th and Saturday April 30th. If you forget the pick-up dates, you can bring your bucket to the Piedmont dumping site. The dumping site will be a small, clearly-marked, fenced area in the parking lot at the Community Center (at 2302 West 23rd Street). The dump site will be open from April 25th to May 1st.

☞ **Chester Bowl Bucket Brigade:** All buckets must be brought to the dumping site in Chester Bowl Park (1800 E. Skyline Parkway). The site will be near the playground and will be in a clearly-marked, fenced area. It will be open from April 25th to May 1st.

Reminder: Only dirt & sand is accepted at dumping sites and for pick up!
