

Position Announcement

Conservation Specialist

The primary roles for this position will be to complete stream restoration and connectivity projects and other conservation related technical activities. The position will work extensively implementing the St. Louis River St. Louis River Comprehensive Watershed Management Plan. The position will also be involved with implementing the Minnesota Wetland Conservation Act. This is dynamic opportunity with the chance for training and professional growth. A successful applicant should be able to demonstrate the ability to develop and implement projects and programs on one's own initiative.

Duties and Responsibilities

- Work on stream restoration projects with other SWCD staff and partners.
- Project management tasks including managing grants, contracts, and budgets.
- Implementation of the St. Louis River Comprehensive Watershed Management Plan.
- Provide conservation technical assistance for landowners.
- Work with wetland conservation, water sampling, surveying, state buffer law, and other technical tasks.
- Develop the ability to design and install conservation practices.
- Seek out and apply for any grants that could be utilized by the SWCD for conservation projects.
- Assist with SWCD native tree and shrub sale.
- Other duties as assigned.

Closing Date: February 22, 2023

Location: Duluth, MN

Employment Conditions: Full-time. Any positions filled will be dependent on availability of funds, performance, and organizational needs. There will be a six-month probationary period.

Salary:

\$46,000 - \$61,000 per year starting salary depending on experience and qualifications.

Benefits:

Health Insurance, Vacation, Sick Leave, Retirement, and Minnesota Deferred Compensation Program.

Minimum Qualifications:

1. This position requires a degree in a natural resources-related field.
2. Knowledge and experience with stream restoration concepts, natural resources management, native plants, water resources, and conservation programs.
3. Be a self-starter with a genuine desire to make a long-term impact on natural resource

management.

4. Ability to work independently with minimal supervision while seeking and following direction to ensure work quality.
5. Effective oral communication, written communication, computer, and problem-solving skills.
6. Ability to work with ArcView, paper maps, and physical filing and record systems, as well as with Microsoft Office and computerized communications and calendaring.
7. Knowledge of grant application and project management procedures.
8. Must be willing to work long hours in varied conditions and terrain. Must be willing to stay overnight and travel on limited duration trips throughout Northeast Minnesota. Must be willing and able to carry 50 lbs. over uneven terrain.
9. Requires a Class D Driver's License: a single unit vehicle with a gross vehicle weight of less than 26,000 pounds. This is a basic driver's license.
10. Requires occasionally lifting such articles as file boxes and heavy hand tools or heavier materials with help from others and/or lifting and carrying light objects frequently. Even though the weights being lifted may only be a negligible amount, a job in this category may require walking or standing to a significant degree or may involve sitting most of the time with a degree of pushing and pulling of arm and/or leg controls.

Please send (electronic preferred) a resume and letter of interest by close of business on Friday February 22, 2023 to:

R.C. Boheim, District Manager
RC.Boheim@southstlouisswcd.org

Please include a copy of your DD214 if you are applying for Veteran's preference points.
